

Complete College America: 15 to Finish: Oklahoma

Most students graduate late.

Want to graduate on time?

Crank it to fifteen.

Take fifteen credits a semester.

Take thirty credits a year.

Save on tuition. Reduce debt. Start earning faster.

Fill up on fifteen.

Increase your G-P-A.

Rack up fifteen.

Make it to graduation.

However you add it up:

Fifteen credits in the fall semester plus fifteen credits in the spring semester plus zero credits in the summer semester equals thirty credits per year.

Twelve credits in the fall semester plus twelve credits in the spring semester plus six credits in the summer semester equals thirty credits per year.

Take fifteen credits a semester to graduate on time.
