**Concurrent Enrollment Report**  
**Academic Year 2020-2021**

**BACKGROUND:**

Concurrent enrollment allows high school seniors and juniors who meet admission and course placement requirements to earn college credit at Oklahoma colleges and universities while still in high school, which strengthens student preparation, reduces college costs, and decreases the time required to complete a degree.

Participation in the Oklahoma state system of higher education's concurrent enrollment program has nearly doubled in the last decade, and in the previous academic year, over 14,500 students from Oklahoma high schools enrolled in concurrent courses, generating over 141,300 student credit hours.

The State Regents' Concurrent Enrollment Policy provides a framework for State System institutions to offer concurrent enrollment to eligible high school juniors and seniors. The policy specifies concurrent enrollment admission, course placement, and retention criteria; defines the environments and conditions in which concurrent enrollment is offered; details specific standards associated with offering concurrent enrollment; and sets annual reporting requirements.

The State Regents approved a pilot program for concurrent enrollment tuition waivers for the 2005 fall and 2006 spring semesters to help qualified students earn college credit while still in high school. The pilot program required Oklahoma higher education institutions to waive tuition for up to six credit hours per semester for each concurrently enrolled high school senior. The pilot program exempted the concurrently enrolled seniors' tuition waivers from the 3.5% limitation.

At the March 2006 meeting, the State Regents approved a program for concurrent enrollment tuition waivers to help qualified students earn college credit while still in high school. The program required Oklahoma higher education institutions to waive tuition for each concurrently enrolled high school senior. Specifically, the policy was changed to include "Waiver for Concurrently Enrolled High School Seniors." State System institutions shall waive up to six credit hours of tuition per semester or summer term for all eligible high school seniors concurrently enrolled. Students will be responsible for any applicable fees as well as the cost of books and supplies. State Regents will reimburse institutions for these scholarships, subject to availability of state appropriations. Student eligibility will be governed by State Regents' admissions policy; provided, "high school senior" means a student who has completed the junior year but who has not yet graduated.

In 2009, the Oklahoma Legislature adopted revisions through Senate Bill 290 that amended 70 O.S. 628.13 and provided that each high school senior who meets the eligibility requirements for concurrent enrollment shall be entitled to receive a tuition waiver equivalent to the amount of resident

tuition for a maximum of six (6) credit hours per semester and that the number of waivers granted in any year will be based on the amount of funds available for the program and the number of eligible applicants.

The 56<sup>th</sup> Oklahoma Legislature in 2018 adopted revisions, through Senate Bill 1196, that amended 70 O.S. §628.13 and provided for the definitions for waivers for concurrently enrolled high school students. Through the concurrent enrollment tuition waiver program, eligible high school seniors receive a tuition waiver for up to 18 credit hours of concurrent coursework during the academic year. Tuition waivers for eligible high school juniors are available for up to nine credit hours based on available state funding.

Provided in this report is the available data on total numbers of concurrent enrollment high school participants; data on the tuition waivers provided to both seniors and juniors in high school, and degrees obtained by students who have concurrent enrollment credit-hours.
