The Oklahoma State Regents for Higher Education, in compliance with Titles VI and VII of the Civil Rights Act of 1964, Executive Order 11236 as amended, Title IX of the Education Amendments of 1972, Americans with Disabilities Act of 1990 and other federal laws, do not discriminate on the basis of race, color, national origin, sex, age, religion, handicap or status as a veteran in any of its policies, practices, or procedures. This includes, but is not limited to, admissions, employment, financial aid and educational services.

This publication, duplicated by the State Regents' central services, is issued by the Oklahoma State Regents for Higher Education as authorized by 70 O.S. 2001, Section 3206. Copies have been prepared and distributed internally. Copies have been deposited with the Publications Clearinghouse of the Oklahoma Department of Libraries.

BUDGET HIGHLIGHTS

Systemwide Highlights

The FY08 E&G Part I total systemwide budgets increased by 9.0 percent or \$171.3 million, from \$1,897.5 billion for FY07 to \$2,068.8 billion for FY08.

1. Institutional budgets show an increase of \$118.9 million or 7.0 percent.
2. Student assistance increased by 11.7 percent to \$104.9 million.
3. OCIA debt service increased by 16.6 percent to \$42.1 million.
4. State appropriations increased by \$79.6 million or 7.8 percent, from \$1,019.4 million in FY07 to \$1,099.1 million in FY08.
5. Tuition and fee gross revenue increased by approximately \$60.4 million or 9.9 percent.

The result of the FY08 funding situation:

1. funds budgeted for salaries increased 5.7 percent, or \$49.0 million;
2. an increase of 10.0 percent benefit costs, or \$27.8 million;
3. a net gain of 128 faculty positions and 83 professional staff positions;
4. spending for scholarships increased \$15 million, or 14.5 percent;
5. sufficient funding to meet current OHLAP scholarship commitments.

Higher Education's appropriation as a percentage of the state budget has decreased slightly from 15.6 percent in FY07, to 15.5 percent in FY08. When compared to the percentage of the total state budget in 1980, higher education's portion has declined by 3 percentage points, from 18.55 in FY80 to 15.54 in FY08.

Institutional Highlights

All institutions are in compliance with State Regents' caps on administrative costs.

Budgeted scholarships increased by \$15 million (14.5 percent) to \$117.7 million.

Colleges and universities are estimating a 0.2 percent increase in enrollment in the fall of 2007.

Use of carryover funds from the previous year increased by \$5.4 million to \$25 million.

The FY08 Educational and General Budget, Part I (Primary Budget) & Part II (Sponsored Budget), totals \$2.273 billion, up from \$2.155 billion in FY07. This increase is attributable to a 7.0 percent increase in the primary budget and a decrease of 0.15 percent in the sponsored budget.

Institutional Budgets Fiscal Year 2008

INTRODUCTION

After a reduction of ten percent in FY04, a small increase of 3.4 percent in FY05, an increase of 7.6 percent in FY06, and an increase of 13.5 percent in FY07, Oklahoma institutions have budgeted an overall increase of 4.5 percent in state appropriations support for FY08. The FY08 E&G Part I budget shows an overall increase of 7.0 percent or \$118.9 million, comprised of 49.6 percent in state support and 50.4 percent in self-generated revolving funds, primarily from tuition.

Institutions will once again face increases in mandatory costs. Most institutions have made faculty and staff salary increases a priority, and new faculty positions have been added in order to accommodate the increased demand for course sections.

This report will focus on the Educational and General primary budget, both revenue and expenditures, as well as highlight several key components of institutional budget decisions. A section is also included on the sponsored budgets, particularly sponsored research, as it becomes ever more important to the economic development of the state.

WHAT IS THE EDUCATIONAL AND GENERAL BUDGET?

The Educational and General (E&G) Budget is the principal operating budget of the institution. It includes the primary functions of Instruction, Research, and Public Service, as well as the activities that support these three main functions. It is distinct from the capital budget, which includes expenditures for new construction, major repairs or renovations, and major items of equipment. It also excludes auxiliary enterprises, which provide services tangential to the education process, such as housing, food services, and the college store.

Just as the activities funded in these three budgets (Educational & General, capital, and auxiliary enterprises) differ, so do the sources of revenue. Most of the activities in the E&G Budget are funded from state appropriations, student fees, and grants and contracts. The capital budget is funded from revenue bond proceeds, special appropriations, dedicated monies (Section 13 and New College Funds), and major private gifts. Auxiliary enterprises are self-supporting operations funded through fees charged to the recipients of the service.

The Educational and General Budget has two parts. Part I - the primary budget, is funded mainly from public sources -- appropriations and student fees. Part II - the sponsored budget, is funded from external sources -- federal awards, grants, and training contracts; private contracts; and contracts from other state agencies. At \$458.1 million in FY08, the sponsored budget is just over one-fourth the size of the primary budget. Of the \$458.1 million, 78.2 percent, or approximately \$358.2 million is related to OU, OSU and their constituent agencies, as shown on tables 8-14.

REPORTING CONSISTENCY

A high priority of the State Regents' office is ensuring consistency in institutional financial reports. Periodic review of the mandated guidelines of the National Association of College and University Business Officers (NACUBO) is a joint project of institutional personnel and State Regents' staff. A principal focus of these workshops is administrative costs, as reported in the Institutional Support function, because of both general public interest and the State Regents' budget caps on administrative costs.

STATE REGENTS' BUDGET PRINCIPLES

For FY08, the State Regents adopted budget principles based on four objectives:

- Achieving fairness and equity among institutional allocations;
- Restraining tuition increases to minimal levels;
- Increasing retention and graduation rates; and
- Increasing academic and research quality.

Although institutions will enjoy stronger state support in the next academic year, legislative leaders and State Regents have communicated an emphatic expectation for minimal increases in tuition and fees. In spite of the moderate increase in appropriations support, the FY08 budget poses numerous challenges for the State Regents and institutions in light of dramatic increases in costs for healthcare, retirement contributions, fuel, utilities, and other general operating expenses.

The FY08 Budget Principles and Guidelines were developed with these challenges in mind and have acknowledged the mandatory cost increases, maintained the limits on the share of the budget to be spent on administration, and restated the financial accounting and reporting requirement. These guidelines are grounded in the principles of quality as the primary consideration, differentiation among institutions, efficiency, and seamless delivery of programs for optimal use of state funding.

I. STATE REGENTS' FY08 BUDGET ALLOCATION PRINCIPLES (Adopted May 25, 2007)

Constitutional Authority. *Oklahoma Constitution, Article XIII-A, Section 3 – The appropriations made by the Legislature for all such institutions shall be made in consolidated form without reference to any particular institution and the Board of Regents herein created shall allocate to each institution according to its needs and functions.*

Moderate Increases in State Support. Although the State System of Higher Education saw a moderate increase in appropriations, institutions will see strong state support in Fiscal Year 2008 that will help cover mandatory cost increases. Although enrollment growth shows signs of leveling off at this point, institutions are facing dramatic increases in costs for healthcare, retirement contributions, fuel, utilities, and other general operating expenses. Legislative leaders and State Regents have voiced an emphatic expectation for minimal increases in tuition and fees. Thus, the Regents will encourage institutions to operate as cost effectively as possible and to invest in processes to enhance revenue from grants, contracts, gifts, donations, auxiliaries, and other earned income.

Focus of Resources. Emphasis on new approaches, efficiency, and cost saving measures will continue to be the system focus for the next fiscal year. Because of the conditions described above, institutions should investigate new approaches to offering learning experiences, designing courses, organizing academic programs, and providing administrative services on their campuses. Different approaches and processes may provide both fewer expenses and more responsive programs for constituents. State Regents urge institutions to collaborate and to share resources where it is economical to do so, and pledge to continue initiatives to ensure efficient operation of the system as a whole.

E&G Budgets. Educational and general budgets support institutions' missions of teaching, research and public service. To accomplish the goals of the Academic Planning and Resource Allocation (APRA) system, it is the State Regents' intent to protect the operating budgets of the colleges and universities, particularly in light (recognition) of increased mandatory costs and the need for competitive faculty

salaries. Hence, Regents will allocate the majority of the increased appropriations to basic operating budgets.

Scholarships. Funding needs for Oklahoma’s Promise, or Oklahoma Higher Learning Access Program, and the Academic Scholars Program continue to increase, as more students qualify for these awards. Addressing the continuing popularity of these programs will be a priority.

II. INSTITUTIONS’ BUDGET ALLOCATION PRINCIPLES AND GUIDELINES

Principles. Establishment of priorities in programs and services, and allocation of resources to these priorities, is necessary for the higher education system to serve Oklahoma effectively. As State Regents, governing boards, and presidents undertake to focus resources for optimal use of state funding, the FY08 budgets should reflect the following principles:

Quality - Resources should be focused on (1) increasing the retention and graduation rates and (2) enhancing the quality of priority programs and courses in the institution's academic plan, including libraries and other resources for obtaining and using information.

Differentiation - Resources should be focused on enhancing the institution’s clearly differentiated central academic mission and eliminating unnecessary programmatic duplication, rather than spreading dollars thinly across all existing programs and services.

Efficiency - Resources should be allocated internally within each institution to ensure operations that are as efficient as possible. Collaboration and sharing of resources within and among institutions should be encouraged.

Seamless Delivery – Resources should be allocated to ensure that students and programs are able to move among institutions easily and smoothly. Bureaucratic and unnecessary academic hurdles should be minimized for students who wish to participate in more than one institution. Programs, too, should be shared among institutions with a minimum of administrative and academic overhead.

Guidelines. Within the context of the above principles, FY08 institutional budgets should evidence these specific guidelines:

Mandatory Cost Increases - The first priority on the campuses will be funding mandatory cost increases. Estimates for mandatory costs are approximately \$43 million. These costs include health and dental insurance, retirement contributions, fuel, utilities, and other operating expenses.

Administrative Cost Budget Caps - For FY08, the following caps are approved for expenditures budgeted under the functional category of *Institutional Support*:

OU, OSU	10%
Health Sciences Center, Law, Vet Medicine, OSU-COM	13%
Institutions with enrollments of 3,500 FTE	13%
Institutions with enrollments below 3,500 FTE	16%

Although the caps are unchanged from the previous year, institutions are strongly encouraged to contain administrative costs at their current percentage of E&G budget.

Tuition Revenue - Institutions should make every effort to hold any tuition increases to as low as possible. Likewise, they should demonstrate to students that revenue from any increases in tuition will be used for programs that directly benefit students, such as faculty compensation, technology, library acquisitions, and counseling services.

Use of Revenue from Dedicated Fees - Institutions that charge students special fees for library materials and services, classroom and laboratory materials, technology, etc. must ensure that the revenues are spent for the approved purpose of the fee. Likewise, traditional E&G support for the above and similar purposes should not be diminished as a result of fee revenue.

Consistency - By law, institutional budgets must be prepared in accordance with financial accounting and reporting standards of the National Association of College and University Business Officers. Institutions will continue to submit budgets for State Regents' approval by function and object. Institutions will transmit summary budgets to the Office of State Finance by object under three activities: Educational and General, Part I (Fund 290), Educational and General, Part II (Fund 430), and Agency Special (700 Fund Series).

SUMMARY

The institutional budgets, together with supporting information, indicate congruence between the State Regents' FY08 Budget Principles and Guidelines and institutions' budgeting priorities. The increases in revenues have primarily been directed toward mandatory cost increases.

Mindful of their responsibility to the constituents of Oklahoma's public higher education system, the State Regents annually present revenue and expenditure information on institutional budgets. This report is intended to be a comprehensive, detailed account of the budgeted use of resources by institutions in The Oklahoma State System of Higher Education. It presents information on revenue sources, budgeted expenditures by function and by object, compensation, and sponsored programs. Schedules of budgeted income and expenditures for each institution are attached as appendices to this report.

INSTITUTIONAL FUNDING BENCHMARKS (in millions)

<u>FUNDING</u>	<u>FY96</u>	<u>FY08</u>	<u>% INCREASE</u>
E&G, I	\$840.2	\$1,814.7	116.0%
State appropriations	521.2	899.3	72.5%
Revolving funds	318.9	915.4	187.0%
E&G, II	183.0	458.1	150.3%
Sponsored research	88.9	198.2	122.9%
Total	\$1,023.2	\$2,272.8	122.1%

Substantial increases above inflation have come from self-generated revolving funds. Revolving fund growth may be attributed in some degree to tuition and fee revenue resulting from both enrollment growth and tuition and fee increases. In recent years, however, the non-fee component has seen dramatic growth (2.5 percent in FY01, 9.0 percent in FY02, 8.1 percent in FY03, 14.9 percent in FY04, 13.6 percent in FY05, 10.7 percent in FY06, 9.7 percent in FY07, and 9.1 percent in FY08), primarily due to increases in indirect cost reimbursements from federal grants and increases in private support.

State appropriations as a percentage of the budget have continually declined from FY96 through FY06, from 62.0 percent in FY96 to 49.6 percent in FY06, while the self-generated sources of the budget have likewise increased, from 38.0 percent in FY96 to 50.4 percent in FY06. That trend reversed for FY07, as state appropriations as a percent of the budget increased slightly to 50.8 percent, while self-generated sources declined slightly to 49.2 percent of the budget. The trend once again reversed in FY08 and appropriations as a percent of the budget decreased to 49.6 percent while revolving funds increased to 50.4 percent, the same level as in FY06.

Sponsored research, a measure of the competitiveness of our research universities, has increased dramatically (122.9 percent) since FY96, as a result of both institutional priorities and incentives provided by the State Regents in the form of EPSCoR and other research match programs. Sponsored research decreased from \$207.6 million in FY07 to \$198.2 million in FY08, a decrease of \$9.4 million or 4.5 percent.

OVERVIEW OF THE INSTITUTIONAL OPERATING BUDGETS

The overview of operating budgets of universities, colleges and constituent agencies consists of a summary and analysis of two primary components of the budget: (1) Budgeted Income and (2) Budgeted Expenditures. Topics to be included in the following analysis are:

Budgeted income

Total budgeted income by source
Changes in sources of income

Budgeted expenditures

Budgeted expenditures by functional classification
Budgeted expenditures by object of expenditure

Enrollment Projections

Compensation increases - salaries and benefits

Administrative costs

Tuition waivers

Faculty and Staff

Sponsored budgets

Higher Education as a Percentage of Total State Appropriations FY80 to FY08

* Higher Education's share of the total state appropriated budget for FY08 **decreased** to **15.54 %** from 15.56% in FY07.

* Higher Education's FY08 share of total state appropriations is still well below the FY80 level of 18.55%. If Higher Education had maintained its same share as FY80, it would have received an additional \$212.7 million dollars.

(in millions)

	Total State Appropriations	Total Appropriations for Higher Education	Higher Education as % of Total	Total Appropriations for Common Education	Common Education as % of Total	Total Appropriations for Vo-tech Education	Vo-tech Education as % of Total

Total Budgeted Expenditures:	<u>\$1,897.5</u>	<u>\$2,068.8</u>	<u>\$171.3</u>	<u>9.0%</u>

The total primary budget for FY08 has increased by \$171.3 million or 9.0 percent over FY07.

As of June 15, 2007, \$33.1 million was unallocated.

Institutional educational and general operating budgets make up 87.8 percent of the total budget, as well as 80.9 percent of state appropriations.

The total for those student assistance programs administered by the State Regents has increased by \$11 million, or 11.7 percent, attributable solely to the increased investment in support of the OHLAP program.

Student assistance from state support totals \$201.3 million, \$83.7 million in separately budgeted programs (such as the Oklahoma Tuition Aid Grant Program and Academic Scholars), plus an additional \$117.6 million in the institutional budgets for tuition waivers and other scholarships. This amount does not include federal programs and privately funded campus-based scholarship programs.

The Endowed Chairs Program allocation is \$7.5 million, remaining constant with the FY07 allocation. This amount is still insufficient to meet existing matching commitments, as several institutions have had strong successes in this program and other institutions are beginning to see steady growth in donor support. The current backlog totals \$79.2 million.

**COMPARATIVE SUMMARY OF BUDGET ALLOCATION
FY 2007 TO FY 2008**

Reflects Action through June 15, 2007

	Total Budget					State Appropriated Funds

AND REVOLVING FUNDS**

Educational and General Budgets, Part I

of Colleges and Universities

Fiscal Year 2008

SOURCES OF REVENUE

For FY08, the total budgeted operating income increased from \$1,695.8 million in FY07 to \$1,814.7 million. This is an increase of \$118.9 million, or 7.0 percent.

Self-generated revolving fund income increased from \$835.2 million in FY07 to \$915.4 million, an increase of \$80.2 million, or 9.6 percent.

This revolving fund increase is largely due to a 9.9 percent increase in total gross tuition and fee revenue. The increase in gross revenue generated for the system from tuition and fee revenue is \$60.4 million.

The total amount of net income (less budgeted tuition waivers) generated from tuition and mandatory fees and enrollment growth for FY08 is \$49.9 million, an increase of 9.7 percent.

Budgeted income from state appropriations increased by \$38.7 million, from \$860.6 million in FY07 to \$899.3 million (4.5 percent). State appropriations as a share of total revenue decreased from 50.8 percent to 49.6 percent.

Local appropriated (ad valorem tax) revenue is budgeted to increase by 7.8 percent or \$2.6 million. Tulsa Community College, Rose State College and Oklahoma City Community College are the sole beneficiaries of this source of revenue, although it is far more significant for Tulsa Community College than the others. TCC receives \$31.3 million; OCCC, \$3.1 million; and Rose, \$1.6 million. TCC is budgeting an additional \$2.5 million in revenue from this source, an increase of 8.7 percent. OCCC's amount is increasing 3.3 percent, an additional \$100,000; Rose State is budgeting no additional funds from this source.

Budgeted carryover funds increased by \$5.4 million, or 27.5 percent from \$19.6 million in FY07 to \$25.0 million.

Gifts and grants include indirect cost reimbursements for federal grants, revenue from foundations, reimbursements from DHS for education of parents in the Temporary Assistance for Needy Families (TANF) program, and federal subsidies for the Tom Stead Building at Rose State College.

Sales and services of educational departments include sale of core samples from the Geological Survey, copies of curriculum materials by Oklahoma City Community College, and Law School publications.

Organized activities include sale of dairy and farm products at Murray, Eastern, NEOA&M, and certain clinic services of the Veterinary Medicine College.

TUITION INCREASE

70 O. S. 2004 Supp., Section 3218.8 specifies the limits for resident and nonresident tuition and mandatory fees at the following levels:

Undergraduate tuition and mandatory fees for resident students at research universities will be at a rate less than the average rate charged at public institutions in the Big Twelve Conference.

Undergraduate tuition and mandatory fees for resident students at regional universities and community colleges will be at a rate less than the average rate charged at like-type institutions that include, but are not limited to, those adjacent to Oklahoma.

Undergraduate tuition and mandatory fees for nonresident students may not exceed 105% of the nonresident tuition and fees at peer institutions.

Graduate and professional programs' tuition and mandatory fees for resident and nonresident students will be at a rate less than the average rate charged for like-type programs of comparable quality and standing at public institutions of higher education as determined by the State Regents.

All institutions are in compliance with these statutory requirements for resident and nonresident undergraduate, graduate and professional programs for FY08.

Research Tier

Undergraduate resident tuition and mandatory fee increases at OU and OSU, including their constituent agencies, range from 5.9 percent to 9.9 percent and represent increases of \$150.00 to \$497.50 for 30 credit hours. OSU-OKC will begin offering a bachelors degree in emergency responder administration. Tuition and mandatory fees will increase 29.4 percent when compared to the lower division FY07 rate, or \$750.00 for 30 credit hours.

Undergraduate nonresident increases at OU and OSU, including their constituent agencies, range from 7.5 percent to 9.9 percent and represent \$540.00 to \$1,346.40 respectively for 30 credit hours. Tuition and mandatory fees at OSU-OKC for the new bachelors degree will increase 17.2 percent when compared to the lower division FY07 rate, or \$1,140.00 for 30 credit hours.

Graduate resident tuition and mandatory fees at OU will increase 9.5 percent (\$467.20) for 24 credit hours. OSU's graduate resident rate will also increase 9.9 percent (\$449.52) for 24 credit hours.

Graduate nonresident rates will increase 9.8 percent (\$1,280.80) and 9.9 percent (\$1,331.52) at OU and OSU, respectively for 24 credit hours.

Regional Tier

Undergraduate resident tuition and mandatory fee increases for this tier range from 6.5 percent to 10.0 percent, or \$219.00 to \$352.50 for 30 credit hours.

Undergraduate nonresident increases range from 7.5 percent to 9.9 percent, increases of \$600.00 to \$874.50 for 30 credit hours.

Undergraduate resident tuition and mandatory fee increases at branch campuses and for nursing and other programs range from 0.0 percent at LU, OKC to 25.9 percent at NSU for its music program, increases of \$0 to \$904.50 for 30 credit hours. Nonresident tuition and mandatory fee increases range from 0.0 percent at LU, Tulsa to 23.0 percent for NSU's music program, increases ranging from \$0 to \$1,974.00 for 30 credit hours.

Undergraduate resident tuition for the Adult Degree Completion Program will increase from \$137.50 to \$146.50 per credit hour, an increase of 6.5 percent (\$270.00) for full time students. Nonresident tuition will increase from \$337.50 to \$352.00 per credit hour, an increase of 4.3 percent (\$435.00) for full time students.

Graduate resident tuition and mandatory fee increases for the regional institutions range from 7.0 percent to 9.9 percent, or \$234.00 to \$346.80 for 24 credit hours.

Nonresident graduate increases range from 6.1 percent to 9.9 percent, or \$480.00 to \$853.20 for 24 credit hours.

Graduate resident tuition and mandatory fee increases at branch campuses and for nursing and other programs range from 0.0 percent at LU, OKC to 26.6 percent at NSU for its speech/pathology program, increases of \$0 to \$907.20 for 24 credit hours. Nonresident tuition and mandatory fee increases range from 0.0 percent at LU, Tulsa to 16.5 percent for NSU's speech/pathology program, increases ranging from \$0 to \$1,363.20 for 24 credit hours.

Community College Tier

Resident tuition and mandatory fee increases range from 3.6 percent to 9.4 percent, or \$75.00 to \$225.00 for 30 credit hours.

Nonresident tuition and mandatory fees increases range from 1.5 percent to 13.5 percent, or \$75.00 to \$806.40 for 30 credit hours.

Ardmore Higher Education Center

Ardmore Higher Education Center will continue to charge separate rates for upper and lower division tuition. Lower division tuition and mandatory fees for residents will increase 7.6 percent, or \$210.00, and 4.1 percent, or \$240.00, for 30 credit hours for nonresident students.

Upper division courses will be provided by East Central University (ECU) and Southeastern Oklahoma State University (SEOSU). Undergraduate resident tuition and mandatory fees for courses offered by ECU will increase 8.6 percent, or \$272.70, and courses offered by SEOSU will also increase 8.6 percent, or \$268.50, for 30 credit hours.

Undergraduate nonresident tuition and mandatory fees for upper division courses will increase 9.0 percent (\$800.10) at ECU and 9.0 percent (\$820.50) at SEOSU for 30 credit hours.

Graduate resident tuition and mandatory fees for a full-time student taking 24 credit hours will increase 8.9 percent (\$279.84) for courses provided by ECU and by 8.9 percent (\$301.20) for courses provided by SEOSU.

Graduate nonresident tuition and mandatory fees for a full-time student taking 24 credit hours will increase 9.2 percent (\$779.04) for courses provided by ECU and by 8.1 percent (\$735.60) for courses provided by SEOSU.

Professional Programs

Total resident tuition and mandatory fee increases for professional programs range from 2.4 percent to 11.1 percent, or \$161.00 to \$1,463.00 annually for a full-time student. Changes in nonresident tuition and mandatory fees range from -2.0 percent for LU's physical therapy program to 11.1 percent, representing changes from -\$440.00 to \$2,353.00 annually for a full-time student.

The following tables summarize, by institution, the annualized cost for undergraduate, graduate, and professional program resident and nonresident tuition and mandatory fees for FY08. All institutions are in compliance with the FY08 Legislative Peer Limits for tuition and mandatory fees as specified by the Oklahoma Legislature.

Undergraduate Tuition and Mandatory Fees for FY08
Full-Time Resident Student
Highest to Lowest by Percentage Increase

Institution	FY07 Cost for 30 Credit Hours	FY08 Cost for 30 Credit Hours	Dollar Change from FY07	Percentage Change from FY07

EXPENDITURES BY FUNCTION

At Oklahoma public institutions for FY08, as shown on the pie charts on the following pages:

The primary functions of instruction, research and public service, when combined, continue to make up over 55 percent of the Educational & General - Part I Budget.

Instruction showed the largest dollar increase of \$58.1 million, or 7.4 percent, and comprises 46.7 percent of the budget.

Public Service comprises 4.2 percent of the budget and saw an increase of 5.3 percent. The increase for OSU's Cooperative Extension budget was \$1.0 million, or 3 percent, all of which is state appropriated funds for public service.

Physical Plant and Operations saw an increase of \$7.6 million, 3.8 percent, and comprises 11.4 percent of the budget.

Research saw an increase of 6.8 percent and comprises 4.6 percent of the budget. An increase of \$1.4 million for the Agriculture Experiment Station accounts for over 26 percent of the increase.

Academic Support saw an increase of \$10.7 million, or 5.0 percent, and comprises 12.4 percent of the budget.

The scholarship category, made up primarily of tuition waivers, increased by \$15.3 million, or 15.0 percent, for a total of \$117.6 million. Scholarships as a percentage of the budgets increased to 6.5 percent. This amount does not include expenditures from State Regents' scholarship programs: OHLAP, OTAG, Regional University Baccalaureate Scholarships and Academic Scholars stipends. This increase can be directly correlated to the increases in the tuition and mandatory fees to be charged students beginning fall of 2007. Resident tuition waivers increased \$3.7 million or 7.7 percent. Several institutions significantly increased resident tuition waivers; Murray State College (66.7%), OSU Center for Health Sciences (62.5%), Northern Oklahoma College (52.3%), OSU, Tulsa (33.7%), East Central University (30.4%), Southeastern Oklahoma State University (28.9%), Seminole State College (24.5%), and Eastern Oklahoma State College (20%). Nonresident tuition waivers increased \$6.9 million or 13.6 percent. Scholarships paid from the E&G I budget increased \$4.8 million or 118.0 percent.

Institutional support (general administration) saw an increase of \$8.6 million, or 6.2 percent, and comprises 8.1 percent of the budget. Executive management, which includes president's office, legal counsel, governing board, and executive officers, increased by \$1.1 million to \$42.4 million, or by 2.5 percent.

Functional Classifications: Explanatory Notes

All universities and colleges budget expenditures are in accordance with the standards defined by the National Association of College and University Business Officers (NACUBO). This national classification system provides uniform guidelines to ensure consistent financial statements for audit purposes and to permit comparisons among institutions within the state, as well as with regional and national data, and with peer institutions.

The three primary functions of a higher education institution are:

Instruction, which includes expenditures for all activities that are a direct part of the instructional programs. The function includes general academic programs as well as vocational-technical programs and community or continuing education.

Research, which includes the creation, the organization, and the application of knowledge. This category does not include federal or externally funded research. That item is included in the sponsored budget, Educational and General, Part II.

Public Service, which includes activities to make an institution's unique resources and capabilities available as a response to a community need or a solution to a community problem. This function includes the agriculture cooperative extension services at both OSU and Langston, as well as any public broadcasting activities supported with E&G funds.

The research universities are assigned all three functions. The four-year universities and the community colleges engage in research and public service to a much more limited extent.

Budgeted support activities are classified as follows:

Academic Support activities support directly one or more of the three primary functions. Library budgets are a major component of this category and also include expenditures for academic administration, museums and galleries, educational media services, personnel development and course and curriculum development.

Student Services are those activities carried out with the objective of contributing to the emotional and physical well being of the institution's students, as well as to their intellectual, cultural, and social development outside the context of the institution's formal instruction program. Included are counseling and career guidance, student aid services, student records, student health services, intramural athletics, and other student activities.

Institutional Support includes expenditures for: (1) central executive-level management and long-range institutional planning, such as the governing board, planning and programming, and legal services; (2) fiscal operations; (3) space management, (4) personnel services and records, (5) purchasing and storerooms; (6) faculty and staff support services not operated as auxiliary enterprises; and (7) activities concerned with community and alumni relations, including development and fund raising.

Physical Plant Operations consist of those expenditures related to operating educational facilities and grounds, including janitorial and utility services, maintenance, repair, and operation of buildings and other plant facilities, furniture and equipment, care of grounds, utilities, security, fire protection, property insurance and similar items.

Scholarships and Fellowships are grants to students and include expenditures for scholarships, fellowships, and aid to students in the form of tuition waivers for resident and nonresident students.

FY08 Total Budgeted Expenditures by Function

EXPENDITURES BY OBJECT

Unlike the functional categories, which conform to national norms, the objects of expenditure are established in conjunction with the Office of State Finance for accounting purposes.

Personnel related expenditures (salaries, benefits, and professional services) increased by 6.7 percent; non-personnel expenditures increased by 7.7 percent. The salaries and wages component increased from \$862.4 million in FY07 to \$911.4 million in FY08, an increase of 5.7 percent. Benefits increased by 10.0 percent and comprise 16.8 percent of the total budget, a 0.4 percent increase from FY07.

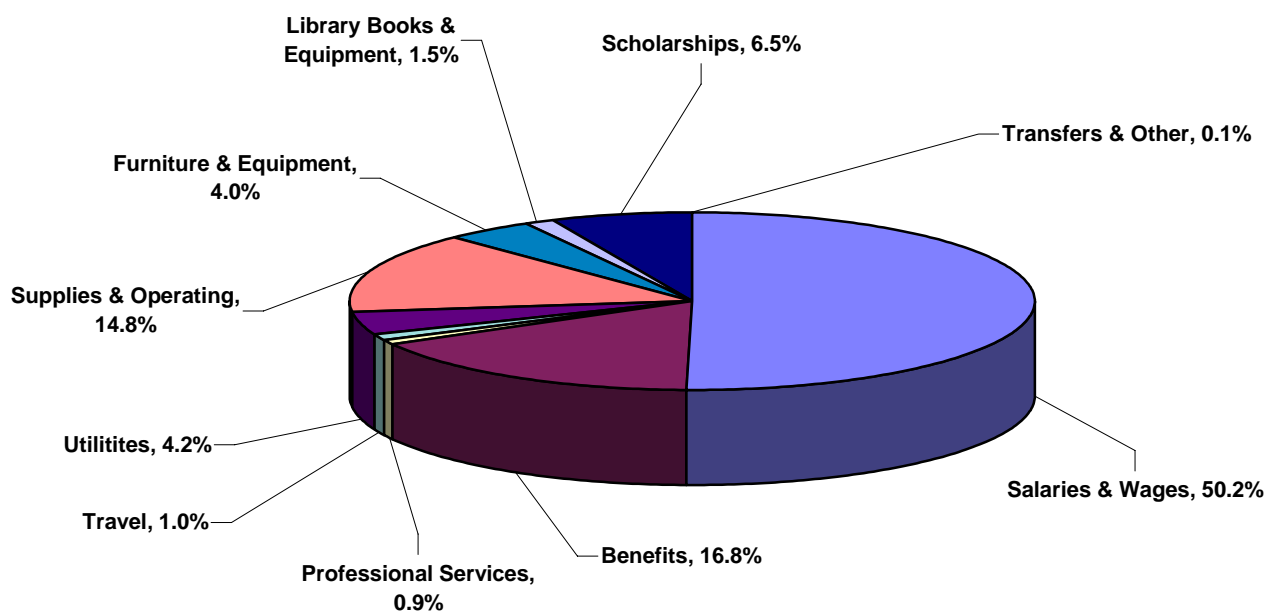

As a percentage of the budget, FY08 personnel related expenditures are 67.9 percent of the budget. Salaries and wages decreased slightly to 50.2 percent; and professional services remain unchanged at 0.9 percent of the total budget.

The steep increases in benefits in recent years have slowed but likely will continue in FY08. Benefits comprise 16.8 percent of the budget in FY08.

Scholarships increased by \$15.0 million (14.5 percent) to \$117.7 million, consistent with the significant increases in tuition and enrollment.

The travel category increased to \$17.7 million in FY08 from \$16.1 million in FY07, up \$1.6 million, an increase of 9.8 percent.

ENROLLMENT PROJECTIONS

Colleges and universities are projecting enrollment growth of approximately 246 FTE (0.2 percent) for the 2007 fall semester. They expect approximately 129,223 FTE students, or approximately 185,130 students, an increase of 1,208 (0.7 percent).

Oklahoma State University, Tulsa is projecting the largest FTE enrollment increase at 4.3 percent. Tulsa Community College and Western Oklahoma State College are both projecting increases of 4.0 percent. The remaining institutions are projecting increases from less than one percent to 3.6 percent, with the exception of the following institutions, which project decreases in enrollment:

<i>Institution</i>	<i>Projected Enrollment Decrease</i>
OU	3.0%
Oklahoma State University	1.9%
Carl Albert State College	1.5%
OU Law	0.6%
Oklahoma Panhandle State University	0.5%
OSU Veterinary Medicine	0.3%
Eastern Oklahoma State College	0.2%

The number of new full-time faculty is expected to be 152, offset by a loss of 24 for a net gain of 128. Oklahoma State University - Tulsa, Northeastern State University, Northwestern Oklahoma State University, Oklahoma Panhandle State University, University of Science and Arts of Oklahoma, Connors State College, Northeastern Oklahoma A & M College, Redlands Community College, and Seminole State College will not gain new faculty members.

The number of adjunct faculty in the system is projected to increase by 158 (2.2 percent) to 7,335 compared to 7,177 in FY07.

Institutions are planning to offer over 1,900 new course sections in fall 2007, an increase of 4.8 percent.

MANDATORY COSTS

Mandatory Costs for FY08 are shown in the table below.

Description of Mandatory Costs		Mandatory Costs
Health, Dental, and Other Insurance		\$12,658,485
OTR & Other Retirement Programs		\$6,370,301
Risk Management Insurance	<u>FY07</u> <u>FY08</u>	\$797,536
Property Insurance	\$754,761 \$360,034	
Directors and Officers	\$616,350 \$105,168	
Tort Liability	\$123,554 \$67,365	
Aircraft Insurance	\$21,754 \$29,510	
Vehicle Insurance	\$24,061 \$53,393	
Other Insurance	\$50,047 \$182,066	
Contractual Services		\$1,364,433
Utilities - Gas, Electric, Water, Telephone		\$4,336,015
Travel		\$95,627
Supplies and Other Current Expense		\$3,415,800
Property and Equipment		\$3,862,382
Maintaining Library Periodicals & Subscriptions		\$1,050,169
Scholarships		\$1,429,750
Total		\$35,380,498

State Regents' staff polled institutions in the early fall for estimates of increases of mandatory costs for FY08 as part of the budget needs determination. At that time, the systemwide estimate was approximately \$39 million. The budgets presented here for approval indicate approximately \$35.4 million.

Institutions received approximately \$30 million in new state appropriations for operations, so the balance will be made up from tuition revenues and reallocation.

SALARIES AND BENEFITS

The majority of continuing employees will receive a salary increase averaging 3.6 percent. Average salary increases range from 1.5 percent at Northwestern Oklahoma State University to 5.6 percent at Rose State College.

Twenty-one institutions and constituent agencies have authorized salary increases for FY08 to 14,889 employees. These employees represent 13 presidents, 4,435 faculty, 4,968 professional staff, and 5,473 classified staff, or 73.5 percent of all continuing E&G - Part I employees in The State System.

Nine institutions and constituent agencies will consider salary increases for faculty at a later date.

Twelve institutions and constituent agencies will consider salary increases for professional and classified staff at a later date.

Two institutions have not indicated if a salary program will be considered during FY08

The average FY08 salary increase is 3.1 percent for presidents, 3.5 percent for faculty, 3.4 percent for administrative/professional staff, and 3.8 percent for classified staff. The average for all employee classifications is 3.6 percent.

Classification	Number Receiving Raise	Number Under Consideration for a Raise	Number Receiving No Raise	Total Continuing Employees
Presidents	13	15	2	30
Percentage	43.3%	50.0%	6.7%	100%
Faculty	4,435	1,259	813	6,507
Percentage	68.2%	19.4%	12.5%	100%
Professional	4,968	1,051	576	6,595
Percentage	75.3%	15.9%	8.7%	100%
Classified	5,473	1,179	484	7,136
Percentage	76.7%	16.5%	6.8%	100%
Total	14,889	3,504	1,875	20,268
Percentage	73.5%	17.3%	9.3%	100%

There are 20,268 continuing employees eligible for a salary increase in FY08.

Growth in Salaries and Benefits

Amounts budgeted for salaries will increase \$49.0 million from \$862.4 million to \$911.4 million, an increase of 5.7 percent.

Also noted is a slight decrease in the percent of the total budget for the salaries, wages, and benefits component from 68.1 percent of the total budget in FY07 to 67.9 percent in FY08, a difference of \$77.3 million or 6.7 percent.

Since FY88, the rate of growth in benefits expenditures has been two and a half times the growth rate of salaries.

Benefits have increased 440.9 percent over the past 20 years, compared to 176.9 percent in salaries. This growth is attributable to steep increases in health insurance costs in the early part of the decade, as well as in the current year. The period has also seen substantial increases to the Oklahoma Teachers' Retirement System. Total compensation (salaries and benefits) as a percentage of total budgets has declined from 78.3 percent in FY88 to 67.0 percent in FY08.

The Teachers Retirement System contribution calculation will change in FY08. This calculation will be a total 14.90 percent through December 31, 2007, comprised of 7.85 percent paid directly by the employer and 7.05 percent paid by the employee. Four-year colleges and universities will continue paying the 7.05 percent rate because employees in these schools do not participate in the EESIP, also known as the Wear-Away Plan, making the total contribution 14.10 percent. Beginning January 1, 2008 the employer contribution rate will increase to 8.35 percent and four-year institutions' rate will increase to 7.55 percent. The employee contribution rate will remain at 7.05 percent making the total contribution of 15.4 percent, and 14.6 percent respectively. At OU and OSU the rate only applies to their statutory salary caps, either \$67,500 or \$84,000, depending on members' prior option elections as cited in Title 70§17-101.

Benefits as a percentage of total budgets in FY08 increased slightly to 16.8 percent budgeted for FY08.

The growth in benefit costs for FY08 represents \$27.8 million, or an increase of 10.0 percent.

**PERCENT INCREASE IN SALARIES, BENEFITS,
AND TOTAL BUDGET
FY88 TO FY08**

ADMINISTRATIVE COSTS

The State Regents' FY08 Budget Principles state that institutions' administrative expenditures budgeted under the Institutional Support function should comply with the following caps:

OU and OSU	10%
OU-HSC, Veterinary Medicine, OSU Center for Health Sciences.....	13%
Four-Year Universities (enrollments above 3,500 FTE)	13%
Four-Year Universities (enrollments below 3,500 FTE)	16%
Two-Year Colleges & Technical Branches above 3,500 FTE.....	13%
Two-Year Colleges & Technical Branches below 3,500 FTE.....	16%

The budgetary caps are pegged to national and regional norms for this expenditure function.

For FY08 all institutional budgets are in compliance with the respective percentage above for institutional support.

OU-Tulsa has an institutional support budget that comprises 14.2 percent of the total. The OU-Tulsa budget does not reflect all of the instructional expenses of that campus, as for accreditation purposes, the instructional costs for the Center for Health Sciences in Tulsa are included with the instructional costs at the OU Health Sciences Center in Oklahoma City. Because the instructional costs are understated, the administration share is correspondingly larger.

OSU-Tulsa, which has a unique function and is therefore not easily compared to other institutions, has an institutional support budget that comprises 12.2 percent of the total.

The Institutional Support function system-wide as a percent of the total budget decreased slightly from 8.2 percent in FY07 to 8.1 percent in FY08.

Institutional Support (general administration) saw an increase of 6.2 percent, or \$8.6 million, and comprises 8.1 percent of the total budget for FY08. Executive management, which includes president's office, legal counsel, governing board, and executive officers, increased by \$1.1 million to \$42.4 million, or by 2.5 percent.

FY08 ADMINISTRATIVE COSTS BUDGET CAPS

Cap Category/ Institution	Institutional Support (incl. data processing) Percent of Total Budget
OU, OSU	10.0%
OU (OU Law = 3.9; OU Tulsa, 14.2)	4.7%
OSU (OSU, Tulsa = 12.2)	5.6%
Health Sciences Center, Vet Med, OSU-CHS	13.0%
OU-HSC	12.9%

NOC	9.5%
Redlands	13.8%
Seminole	12.7%
WOSC	14.0%
OSU-TB, OKC	10.8%
OSU-TB, Okmulgee	10.7%

TUITION WAIVERS

State Regents' policy authorizes institutions to grant tuition waivers for resident students in an amount up to 3.5 percent of the current year Educational and General Budget. A total of \$61.2 million is authorized for FY08 resident tuition waivers. The budgeted amount is \$41.5 million or 67.9 percent of the authorized amount.

The budgeted amount as a percentage of the authorized amount varies from 10.0 percent at the University of Oklahoma Health Sciences Center to 100 percent at Oklahoma State University. The University of Oklahoma has budgeted 77.2 percent.

Systemwide, resident tuition waivers are budgeted to increase by \$3.7 million or 7.7 percent.

Eighteen institutions budgeted at least 75 percent of their authorized amount.

Nonresident tuition waivers are budgeted to increase by 13.6 percent or \$6.9 million. The budgeted amount for FY08 is \$57.4 million.

Waivers for graduate and research assistant compensation are expected to increase by approximately \$2.4 million, to \$20.8 million (12.8 percent), as the research universities attempt to maintain their competitive position in attracting qualified graduate students. For FY08, OU will budget \$10.7 million for these waivers. OSU will increase these waivers from \$9 million to \$9.8 million (8.9 percent).

Constituent agencies that offer professional programs do not normally grant tuition waivers to the same extent as institutions.

Total tuition waivers and scholarships paid from institutions' E&G Budgets are projected to increase from \$102.3 million in FY07 to \$117.6 million in FY08, an increase of \$15.3 million or 15.0 percent.

FACULTY AND STAFF

Faculty

Colleges and universities are projecting approximately 1,208 new students, or enrollment growth of 246 full-time-equivalent (FTE) students (0.2 percent), for the 2007 fall semester. Institutions likewise expect to offer over 1,900 additional course sections, an increase of 4.8 percent.

One hundred and fifty-two new faculty positions have been established at twenty-five system institutions and agencies for next year at a projected cost of approximately \$11 million. Twenty of these positions are senior faculty. Lead-time for hiring senior faculty is typically close to a full academic year, so the funding was in place for many of these positions from last year's budget. The gains are offset by a decrease of 24 faculty positions, for a net increase of 128 positions.

Institutions are reporting an increase 158 adjunct faculty systemwide. This represents a 2.2 percent increase.

Staff

Institutions reported a net gain of 83 professional staff positions for FY08. Twenty-five are in student services areas; 19 are in institutional support areas; 17 are in academic support areas; 21 are in instructional areas; two are in physical plant areas; 14 are in research areas; and one is in the area of public service.

A summary of the new faculty positions is shown in the following tables.

NEW FACULTY POSITIONS

Number of New Faculty Positions by Rank

Rank	FTE	Salary & Benefits
Professors	20.6	\$1,923,343
Associate Professors	7.5	\$503,618
Assistant or Associate Professors*	20.0	\$3,834,000
Assistant Professors	53.9	\$3,330,473
Instructors	19.3	\$868,301
Lecturers	1.0	\$60,000
Others with Faculty Rank	6.0	\$455,000
Total	128.3	\$10,974,735

**At reporting time, these positions had not yet been filled. Depending upon the new faculty member's credentials, they will be employed as either an assistant professor or as an associate professor.*

EXTERNAL FUNDS – SPONSORED BUDGETS

For FY08, the Educational and General Budget, Part II, comprising externally funded projects, is \$458.1 million. The two research universities and their constituent agencies made up 59.0 percent of the E&G-I Budget; they account for considerably more of the total system sponsored budget, 78.2 percent.

The E&G Budget, Part II, decreased by \$676,293 or -.15 percent over FY07.

Federal funds are still the largest source of revenue for the FY08 sponsored budget at \$256.0 million or 55.9 percent of the total, down from 56.0 percent in FY07.

The State of Oklahoma provides 17.5 percent of the revenue in this category.

Sources of Sponsored Budgets

Uses of Sponsored Budgets

Uses of sponsored revenue funds are substantially for research and public service, respectively 43.3 percent and 27.3 percent of the total sponsored budget.

Since FY96, sponsored research in The State System has shown an increase of 123.0 percent. Research has become a target area for improvement in The State System with investments in the Oklahoma EPSCoR program, incentive programs, and in large research investments with multiple funding sources. Sponsored research decreased from \$207.6 million in FY07 to \$198.2 million in FY08, a decrease of \$9.4 million or -4.5 percent.

It is noteworthy that, in general, at the research universities, the sponsored budget for research is considerably larger than the primary (E&G-Part I) budget for research.

Return on Investment of State-Funded Research

Overall, an investment of \$83.7 million in the research university state dollars for research yields an approximate 2.4 to 1 return in the form of externally funded research, as shown in the following table.

At some entities, the return is substantially greater. For example, OU Health Sciences Center invests only \$3.0 million, yielding a return of \$50.7 million, a 16.9 to 1 return; Langston University invests only \$593,000, yielding a return of \$10.8 million, a 18.2 to 1 return; and Cameron University invests only \$65,000, yielding a return of \$672,000, a 10.3 to 1 return.
